

2020 NCRI Virtual Showcase Abstract themes and keywords

**NCRI Conference and
Events Team**

2 Redman Place
London, E20 1JQ

T: +44 (0)20 3469 5453
ncriconference@ncri.org.uk
conference.ncri.org.uk

Themes

- Big data and AI
- Prevention and early detection
- Immunology and immunotherapy
- Living with and beyond cancer
- Cancer research and COVID-19

Keywords

1	AI
2	Behavioural science
3	Big data
4	Biochemistry
5	Bioinformatics and computational biology
6	Carcinogenesis
7	Cell biology
8	Chemistry
9	Clinical research / clinical trials
10	COVID-19
11	Diagnostics and biomarkers
12	Endocrinology
13	Epidemiology
14	Epigenetics
15	Experimental and molecular therapeutics
16	Genetics
17	Genomics/Proteomics/-Omics
18	Geriatric oncology
19	Health economics
20	Health services
21	Imaging
22	Immunology and immuno-oncology
23	Molecular biology
24	Paediatric oncology
25	Palliative, supportive and end of life care
26	Pathology
27	Pharmacology
28	Policy
29	Prevention research
30	Psychosocial oncology
31	Radiation science and medicine / radiotherapy
32	Screening and early detection

33	Statistics
34	Surgical oncology
35	Survivorship research / Living with and beyond
36	Systems biology
37	Teenage and young adults research
39	Translational research
40	Trials in progress
41	Tumour biology
42	Virology

Site specific

1	Bladder and renal
2	Brain
3	Breast
4	Colorectal
5	Gynaecological
6	Haematological
7	Head and neck
8	Leukaemia
9	Lung
10	Lymphoma
11	Melanoma
12	Pancreas
13	Prostate
14	Sarcoma
15	Skin
16	Testis
17	Upper GI
